**Our next Luncheon Meeting will be July 17, 2019**

**11:30 am at the Masonic Temple**

**Board Meeting on July 17, 2019 at 1:00 pm**

According to the article: The Fourth of July—also known as Independence Day or July 4th—has been a federal holiday in the United States since 1941, but the tradition of Independence Day celebrations goes back to the 18th century and the American Revolution. On July 2nd, 1776, the Continental Congress voted in favor of independence, and two days later delegates from the 13 colonies adopted the Declaration of Independence, a historic document drafted by Thomas Jefferson. From 1776 to the present day, July 4th has been celebrated as the birth of American independence, with festivities ranging from fireworks, parades and concerts to more casual family gatherings and barbecues.

### Speakers

**Joyce Kasprzak Executive Director at Children's Historical Publishing**  
**will talk about the Dayton's Woman's Club**

The Dayton Woman's Club was founded in 1916 and has been serving the community for over 90 years. The traditions and heritage of our "founding mothers" have been passed down to today's energetic and enthusiastic women and men, *May 1917*

In the late 1840's Robert W. Steele, for whom Dayton's first high school was named, built a home at 225 North Ludlow Street. Napoleon Bonaparte Darst purchased the house in the 1860's and began extensive renovation and enrichment, thus changing the Classic Revival style of Mr. Steele's home to the Second Empire style. In 1916 a group of civic-minded women met to plan the establishment of an organization to provide women of the area with a center for social, civic and literary activities.

### *Will display and talk about his unique Hobby of Drawing*

I never really took to drawing to much when I was younger. Mostly stick figures or what they call balloon bubble creatures. I talent didn't really develop until I started getting in trouble with drugs, drinking and the law. It was during one of my various encounters of incarceration that I found myself in solitary confinement with a stack of magazines and a pile of typing paper left by the previous occupant of the cell that I developed the knack or talent I should say to draw.

Nevertheless, Once I was out, I didn't pursue it and I went back to my old ways. Of course, each time I returned to those institutional walls; I used my talent to get me through the time by doing portraits for other inmates. It wasn't until meeting Khadijah and becoming part of the circle of vision keepers that I learned how to turn my affinity for drawing into a positive aspect of my life. Now instead of it being an outlet while I'm inside. It's a way to Keep me outside.

### Organization Speaker Programs - Community Information Leaders

To support our PCoD members and the public, this section provides a list of area information leaders, whether they be not-for-profits; elected officials and/or specific topic experts. These individuals, if contacted, may make themselves available to speak at club meetings or special events and share important programs, projects, issues or topics with audiences about our community and perhaps where additional volunteer leadership can play an important role in the success of these programs.

This list may change from time to time in order to keep it updated. But it is a great reference guide to many areas of arts, social services, business, government and education in our community.
